Sara Connelly
Angela Matthews
Prof Neil Greenberg

1 Matters arising

Centre for work and health advisory group -= agreed

Wish for Semi virtual; Distributive; Agile; Rapid response centre producing translational advice. Should be Independent - Networking across Academic Forum and work with Government, HSE, CIPD, TUC in a consensual manner

2 Updates

Glasgow

- EDI – research looking at career opportunities in the field - Delphi
- Management competence in occupational health

Elaine – Aberdeen

Systematic reviews on:

- prognostic factors for why someone is off sick when have pain
- how we quantify the impact of pain on work

empirically grounded supporting people working in ICU

Jo McParland

Scoping review of people suffering with pain

Interested in organisational justice and how it impacts on health and wellbeing

Martie

Covid national core study with HSE

Work in parliament

IOM

Looking at virus in covid areas

LSBU

PPE on communications, what ffp3 are best?
