

# Consultant Occupational Physician & other grades of doctor

An outstanding opportunity to further your career with Healthwork  
a dynamic occupation health provider

## We are Healthwork

Healthwork is a modern and exciting provider of innovative, flexible and high quality occupational health and corporate medical services. A great company to work for! We provide a full range of occupational health and safety services to a variety of organisations including fire services, police forces, local authorities, NHS trusts and a wide range of private sector employers. Healthwork was the first OH provider to attain SEQOHS accreditation. Due to further rapid expansion in recent months, and an increased request for our services from existing customers and from new customers, we are seeking to appoint into a new Consultant post. We would also be happy to talk to doctors of other grades about opportunities at Healthwork, including doctors who may wish to pursue specialist accreditation through the CESR route.

## Occupational Physicians

We are doctor managed, growing rapidly and we value our employees by providing excellent collegiate working conditions and family friendly work arrangements.

We are seeking to appoint a Consultant Occupational Physician and/or other grades of doctor to work out of our Manchester or Leeds offices. The ideal candidate will have excellent communication skills, have the ability to work effectively in a team, will be willing to travel and possess an occupational health qualification (AFOM, DipOccMed, MFOM or FFOM), or be willing to work towards one of these qualifications. You will be joining our dynamic team of Occupational Physicians (including 3 trainees), experienced OHAs, counsellors and a happy and helpful administrative team.

In return, we offer an excellent remuneration package, payment of professional subscriptions, private health insurance, pension, flexible working arrangements, career development opportunities, and the opportunity to be actively involved in the expansion of our business. Our main strength for physicians is the excellent clinical support provided by senior occupational physicians and close collaborative team-working. Our philosophy is that our doctors operate in an unstifled environment that fully supports clinical autonomy and clinical governance.

For informal enquiries, please contact us on 0161 831 9701 and speak to Dr Tok Hussain or Dr Shaun Austin, or email [admin@healthworkltd.com](mailto:admin@healthworkltd.com).

To apply, please send your CV and covering letter to:-
