Lifelong peace of mind for occupational health professionals

The Society of Occupational Medicine (SOM) and indemnity organisation MDDUS have agreed a discounted subscription to meet the professional indemnity needs of doctors working in occupational health.

Become a member of MDDUS visit www.mddus.com

MEMBERSHIP BENEFITS EXPLAINED

Members can seek advice and support from the expert MDDUS advisory team 24/7 on issues such as medico-legal or ethical dilemmas, regulatory matters, complaints and certain criminal investigations that might arise from professional practise.

MEMBER BENEFITS

Lifetime indemnity

Access to unlimited lifetime indemnity against claims which arise from professional practise (claims membership only)

Expert advice

Advice and support from the expert MDDUS medico-legal advisory team 24/7

Cost effective

No need to buy expensive "run-off" cover if you leave MDDUS

Training and events

Online educational content with CPD accreditation

Support for the unexpected

Advice and support for certain criminal investigations that might arise from professional practise

Mental health and wellbeing support

Access to free, confidential counselling and wellbeing support services to help you manage your mental health and wellness.

"I am very happy with the way my case has been led by you. Secondly, to be a member of MDDUS was the right decision. This company has never let me down."

MDDUS member

Northamptonshire

OCCURRENCE-BASED MEMBERSHIP

MDDUS membership is provided on an occurrence basis, meaning that you can seek assistance for matters arising from an incident that occurred during your membership, no matter when it comes to light. There is no need for members to purchase "run off" cover or "extended reporting rights", as would be usual in a claims-made insurance policy.

UNLIMITED INDEMNITY

Unlike some commercial insurance policies, there is no limit on the indemnity that MDDUS will provide in respect of a claim.

ELIGIBILITY

In order to qualify for membership MDDUS traditionally required members to be on the relevant GMC specialist register or on the GP register. However, we recognise that occupational health physicians may come from a range of clinical backgrounds and therefore we will consider applications from doctors who are not on the GP or specialist register. As a guide, doctors would be expected to hold at least the Diploma in Occupational Health and be able to demonstrate two years' experience of working in occupational medicine.
