

Occupational Physician – South East of England

Be part of a well established and successful occupational health consultancy team providing high quality, evidence based and innovative occupational health services to client companies in both the public and private sector over a wide range of industries.

PHC Occupational Health is a privately owned occupational health consultancy company based in the South East of England, serving both the public and the private sector throughout the UK and the Republic of Ireland; in addition to providing consultancy services to multinational clients in Western Europe and beyond.

PHC is based in Maidstone in Kent and provides occupational services on client sites and through its network of directly managed clinics, in addition to a team of highly valued occupational physicians and nurses throughout the UK and the Irish Republic.

PHC Occupational Health is a physician led occupational health consultancy company. Our team consists of 3 Accredited Specialists, and 5 Occupational Physicians. We have an active CPD program and an experienced and highly capable team of nursing staff, screening technicians and administrative support staff.

We are looking to appoint a full time Occupational Health Physician and part time Occupational Health Physicians based in the South East of England and available to travel to any of our directly run clinics. We are happy to consider candidates who wish to job-share.

The salary will be commensurate with your qualifications and experience. PHC staff are included in a staff bonus scheme. We are interested to appoint from either consultant or non-consultant grades. The applicant must hold a UK or Irish postgraduate qualification in occupational medicine and be registered with the GMC. Most important from PHC's perspective is a good understanding of the client company's needs, the commercial standards required and a high level of clinical skills and associated knowledge.

PHC's nursing and administrative team provide exceptional support to our occupational health physicians. Our occupational health physicians are part of a supportive, exceptional and creative professional team.

Please apply by email sending a covering letter and enclosing a copy of your CV to Dr John Mason at j.mason@phcohealth.co.uk.
