

## **“EXCITING NEW OPPORTUNITY IN OCCUPATIONAL HEALTH”**

BHSF Occupational Health, part of the BHSF Group, is a quality provider of occupational health services to the private and public sectors throughout the United Kingdom and Ireland. Due to rapid growth and expansion we now have full time or part time permanent vacancies to join our team of Doctors.

The successful candidate should be a registered General Practitioner as a minimum with a strong interest in occupational health or currently practising within Occupational Health at any level of accreditation. They must be a strategic thinker and have the ability to participate in the development of the business. Reporting to the Chief Medical Officer you will work alongside a multidisciplinary team in the delivery of a quality led occupational health service to our diverse range of clients. The position offers the right candidate the opportunity to be part of a rapidly growing national occupational health business with a training programme and excellent career development prospect.

We welcome applications from those Doctors who hold a diploma and/or membership accreditation.

### **Essential Criteria:-**

- Current GMC Registration
- Appraisal/CPD/Revalidation in date
- Current Professional Indemnity Insurance
- Full Driving License and own means of transportation
- Use of PC, Microsoft office and Email
- Excellent communication skills
