

Organisational Healthcare Ltd is an independent occupational health provider based in Preston working with a wide range of clients in various sectors throughout the North West. As a result of expansion we are now looking for an Occupational Physician to join our friendly team.

If you hold the AFOM (+) we will be delighted to hear from you, but in addition we would also like to hear from those who have the Diploma with significant experience who are actively working towards A/MFOM.

We offer a friendly and supportive environment and an attractive range of benefits, with a salary dependent on qualification and experience. We are able to offer CESR support for those with AFOM wishing to pursue specialist registration. The role is over three days or four days per week with some flexibility. The position involves work both in a clinic setting and on-site covering a full remit including management referrals, health surveillance, Appointed Doctor work etc. There is also opportunity to support our service development and our work towards SEQOHS accreditation.

Please contact: Office@OrganisationalHealthcare.com

In addition informal discussions with our Occupational Physician, Dr Tony Mawson, on 01772-437117 are also welcome.
