

Exciting Occupational Health Physician Opportunities at Health Partners

Are you passionate about making a meaningful impact on workplace health and wellbeing? At Health Partners, we're proud to be one of the UK's leading occupational health and wellbeing providers, delivering innovative, high-quality services to organisations across the country. We're excited to announce two fantastic career opportunities for talented and driven medical professionals to join our dynamic team.

1. Experienced Occupational Health Physician – Remote Working

Contract: permanent, full-time or part-time (3 days minimum)

Location: Fully remote, home-based role

We are looking for an experienced Occupational Health Physician (OHP) to play a key role in delivering expert medical advice and guidance to our clients. You will play a pivotal role in supporting employee health and wellbeing across a diverse range of organisations. Working remotely, you will deliver expert clinical advice through case management, consultations, and collaborative engagement with employers and healthcare professionals. Your input will help shape safe, healthy workplaces and enable effective workforce participation.

What you will be doing:

- Conducting Occupational Health assessments and providing evidence-based advice to employers and employees
- Managing a range of health cases including fitness for work, workplace adjustments, and return-to-work planning
- Delivering telephone and video consultations that combine clinical clarity with empathetic support
- Producing clear, concise, and professional reports outlining medical opinions and actionable recommendations
- Liaising with employers, HR teams, and other healthcare professionals to support employee wellbeing and organisational health goals

What we're looking for:

- A qualified and experienced Occupational Health Physician (DOccMed/MFOM/FFOM).
- Strong clinical knowledge and experience in occupational health, including case management, workplace assessments, and health surveillance.
- Excellent communication skills and the ability to build trusted relationships with clients and colleagues.
- A proactive and solution-focused approach to occupational health challenges combined with strong organisational and time management skills.
- Familiarity with relevant workplace health legislation and guidelines (e.g Equality Act, Health & Safety at work Act)

What we offer:

- A competitive salary and benefits package
 - Contributory pension scheme up to 6%
 - Life assurance
 - Starting on 25 days annual leave plus bank holidays, increasing with length of service
 - Have a day off for your Birthday (non-contractual benefit)
 - Discounted gym membership
 - Cycle to work scheme
 - Health cashback plan
 - Private Medical Insurance (Single Person)
 - Professional membership fees for clinical staff
 - Medical Indemnity cover
- Fully remote working model
- A collaborative and supportive clinical environment with access to experienced peers and mentors
- Opportunity to work across a wide range of industries and organisations
- Comprehensive professional development, including:
 - Support for those pursuing the CESR portfolio pathway
 - A wide range of internal CPD opportunities tailored to occupational health practice
 - 5 days of CPD leave per year (pro rata)
- Future opportunities for career progression and expansion of clinical expertise, such as work with our Health Surveillance, Specialist Medicals, and Pensions Teams, and opportunities to work as direct clinical liaison with our customers and their client-Chief Medical Officer.

If you're ready to take the next step in your career and contribute to a healthier workforce, we'd love to hear from you.

2. Doctors in Development Programme

Contract: permanent, full-time or part-time (minimum 3 days per week)

Location: fully remote, home-based role

Are you a GMC-registered doctor with a Diploma in Occupational Medicine, ready to take your first step into a career in Occupational Health? Our **Doctors in Development Programme** offers a structured, supportive pathway to help you grow into a confident and capable Occupational Health Physician.

This role is ideal for **newly qualified DOccMed physicians** who want to build clinical experience in a commercial OH setting, with mentorship and tailored training to guide your development.

Programme Highlights:

- Structured clinical training across progressive phases, gradually building up to full OHP caseloads

- Regular one-to-one mentorship from senior Occupational Health Physicians
- Formal educational sessions including lectures, case discussions, and reflective learning
- Continuous feedback and audit to support your growth and clinical confidence
- Flexible progression based on performance and learning pace

What We're Looking For:

- GMC-registered doctors with at least 3 years of post-foundation experience.
- Diploma in Occupational Medicine
- Strong communication and interpersonal skills.
- Commitment to personal development and high standards of care

What You'll Gain:

- A clear pathway to becoming an Occupational Health Physician.
- Hands-on experience in case management, health assessments, and fitness-for-work advice
- Exposure to a wide range of industries and occupational health scenarios
- A supportive and inclusive environment with ongoing professional development

What we offer:

- A competitive salary and benefits package
 - Contributory pension scheme up to 6%
 - Life assurance
 - Starting on 25 days annual leave plus bank holidays, increasing with length of service
 - Have a day off for your Birthday (non-contractual benefit)
 - Discounted gym membership
 - Cycle to work scheme
 - Health cashback plan
 - Private Medical Insurance (Single Person)
 - Professional membership fees for clinical staff
 - Medical Indemnity cover
 - Fully remote working model
 - A collaborative and supportive clinical environment with access to experienced peers and mentors
 - Opportunity to work across a wide range of industries and organisations
 - Comprehensive professional development, including:
 - Support for those pursuing the CESR portfolio pathway
 - A wide range of internal CPD opportunities tailored to occupational health practice
 - 5 days of CPD leave per year (pro rata)
 - Future opportunities for career progression and expansion of clinical expertise, such as work with our Health Surveillance, Specialist Medicals, and Pensions Teams, and opportunities to work as direct clinical liaison with our customers and their client-Chief Medical Officer.
