

**StR Specialist Registrar Occupational Medicine
Transport for London
Westminster, London
£60,000 - £65,000 plus excellent benefits**

We are currently recruiting for a Specialist Registrar to train in Occupational Medicine, whilst acting as the Occupational Medical Adviser within a team of doctors (OH consultants, StR and staff grade), Occupational Health Nurse, clinical Nurses and medical technicians.

The team's aim is to provide advice and health leadership to managers on a wide range of occupational health issues and assist in the development of health surveillance and health promotion/education programmes. A key part of the job will involve assessing the medical suitability of staff for work in accordance with relevant TfL standards and guidelines laid down by and the professional bodies such as the Faculty of Occupational Medicine and the General Medical Council.

Over the course of the training time, you will take on cases and workloads of increasingly complexity and of wider scope. Work nature progression will be advised by their line manager and educational supervisor.

Your key responsibilities will include:

- Undertaking medical assessments using agreed standards including.
- Undertaking the role of Medical Review Officer for drug & alcohol testing.
- Attending visits and meetings to update knowledge on working conditions and discuss specific issues with managers and employees.
- Carrying out the compilation of medical reports e.g. pension purposes or other.
- Providing advice and mentorship to managers and employees in their area of responsibility on a range of occupational health issues.
- Participating in appropriate health surveillance programmes in accordance with statutory responsibilities and identified need.
- Providing medical advice support to nursing staff.
- Adhering to faculty and deanery processes.
- Participating in multidisciplinary training and support.
- Participating in audit and review projects as required.
- Supporting the maintenance of SEQOHS accreditation as required.
- Collaborating with stakeholders including HR, Legal, TUs, HSE and customers.
- As experience is gained, the scope and complexity of work will increase under recommendation by the educational supervisor and in line with Faculty competencies.
