

**Consultant Occupational Physician
(MFOM/FFOM)
Full and/or part time
UK nationwide – home based**

At Health Partners we combine expert advice and clinical services with smart systems to deliver impact driven health programmes, tailored to improve people's wellbeing and performance.

With an increasing client base in healthcare, we have a dedicated healthcare team of Occupational Health Nurse Advisers, RGNs and Physicians to support our clients in this sector.

We are now looking for a full or part-time Consultant Occupational Health Physician with considerable healthcare experience gained from either the National Health Service or the private healthcare sector including secondary care to join the team.

In addition to clinical work, you will support the healthcare teams and be responsible working with our internal resources to develop the best quality of care for healthcare professionals and support staff within this client base. There are also opportunities for you to be involved in clinical activities with other clients as well.

Health Partners employs over 50 Occupational Physicians and is a Consultant Physician led business combining high levels of expertise, clinical governance, training and support to the successful applicant. You will be experienced at telephone and video-based consultations. You will be working from home and supported by other consultant colleagues.

Please note - you must be registered with the GMC and domicile within the UK to be considered for this post.
