

## Occupational Health Advisors and Physicians

Health Management is on an exciting journey of growth and transformation. We're investing in new technology, expanding into new sectors and embarking on an exciting colleague-led evolution of our systems and processes.

With our newly invigorated strategy and a transformative journey ahead, we're looking for clinicians to join our team and help us deliver holistic corporate health and wellness programmes that enable organisations to promote and maintain the physical, mental and social wellbeing of their employees.

We have a number of opportunities for experienced Occupational Health Advisors and Physicians at all grades and across all sectors – including Medical Director and Associate Medical Director opportunities.

### What we're looking for

- Experienced Occupational Health Advisors with at least 2 years' experience.
- Experienced Occupational Health Physicians at all grades (Diploma, AFOM, MFOM, FFOM).
- Motivation and energy to take accountability for delivering professional services in line with required clinical, organisational and regulatory standards.
- Ambitious and creative clinicians who can demonstrate a forward-thinking approach.
- Excellent and effective communication skills, both written and verbal, to engage stakeholders at all levels, clinical and non-clinical, across Maximus and externally with our clients.
- Technologically literate.

Whilst not essential, the following would be an asset:

- Proven audit and quality assurance experience.
- GMC-recognised trainer.
- Experience in medical surveillance for lead, ionising radiation, asbestos, HAVS.

### What we offer

Our colleagues are the driving force behind delivering an excellent service. That's why we go to great lengths to ensure that while they're taking care of others, we're taking care of them.

- Competitive salary: that reflects the role, location and your experience.
- Excellent benefits: we offer a wide range of core and voluntary benefits that can be tailored to meet your needs and personal circumstances.
- Flexible working arrangements: flexible working patterns that suit you. You won't be expected to work long days, do night shifts or take work home. Instead, you can work in a pattern that gives you genuine work-life balance.

- Clinical development: we support your continuing medical education and provide time for clinical study with ongoing CPD support.
- Career development: we offer training programmes to develop your skills and clinical knowledge, as well as opportunities for progression at every stage of your career – including opportunities to explore other roles within the wider Maximus business.
- Professional Registration: as well as reimbursing your annual GMC registration fees, we provide support for your Clinical Appraisals and the process of Revalidation.
- Professional Indemnity Insurance: we'll provide cover for the work you do for us under our Group scheme at no cost to you.
- Supportive culture: we offer regular feedback to help you deliver quality outputs for our customers and thrive in your career with us.
- Inclusive environment: as a Disability Confident Leader we are committed to creating a fair, inclusive workplace for all. Join one of our colleague networks and champion DE&I initiatives and shape our inclusive culture.

### How to apply

If you would like to join us on this transformative journey, please email your CV to Charlie Boler at [CBoler@maximusuk.co.uk](mailto:CBoler@maximusuk.co.uk).
