

# Head of Nursing

Up to £68,000

Remote

Closing date 16 January 2023

Health Management has an exciting opportunity for an experienced **Head of Nursing** to join our team.

## About the role

Your clinical leadership will help us deliver holistic corporate health and wellness programmes that enable organisations to promote and maintain the physical, mental, and social wellbeing of their employees.

You will be responsible for the provision of strategic and clinical leadership for all nurses working within our Health division, and accountable for the delivery and standards of care provided, ensuring safe, effective, quality nursing services.

You will also be required to manage and provide professional leadership to Occupational Health Nurse Advisors (OHA) and the wider multidisciplinary team. You will assist the Director of Occupational Health in leading and advancing clinical practice in line with legislation and best practice.

You will oversee all aspects of nursing care including consultations, advice, education, testing and immunisations where appropriate and in accordance with written instructions and Health Management protocols

## What we're looking for

- An enthusiastic and inspiring role model grounded in practice.
- Excellent and effective communication skills, both written and verbal, to engage stakeholders at all levels, clinical and non-clinical, across Maximus and externally with our clients.
- An ambitious and creative clinical leader who can demonstrate a forward-thinking approach.
- Technologically literate.
- You'll hold an **NMC Part 3 registration** as well as a **postgraduate qualification in Occupational Health**.

Whilst not essential, the following would be an asset:

- Experience in coaching and mentoring

## What we offer

Our colleagues are the driving force behind delivering an excellent service. That's why we go to great lengths to ensure that while they're taking care of customers, we're taking care of them.

- Competitive salary: that reflects the role, location and your experience
- Excellent benefits: we offer a wide range of core and voluntary benefits that can be tailored to meet your needs and personal circumstances
- Flexible working arrangements: you won't be expected to work long days, do night shifts or take work home. Instead, you can work in a pattern that gives you genuine work life balance
- Clinical development: we support your continuing medical education and provide time for clinical study with ongoing CPD support
- Career development: we offer training programmes to develop your skills and clinical knowledge, as well as opportunities for progression at every stage of your career – including opportunities to explore other roles within the wider Maximus business
- Professional Registration: as well as reimbursing your annual GMC registration fees, we provide support for your Clinical Appraisals and the process of Revalidation
- Professional Indemnity Insurance: we'll provide cover for the work you do for us under our Group scheme at no cost to you
- Supportive culture: we offer regular feedback to help you deliver quality outputs for our customers and thrive in your career with us
- Inclusive environment: as a Disability Confident Leader we are committed to creating a fair, inclusive workplace for all. Join one of our colleague networks and champion DE&I initiatives and shape our inclusive culture

## How to apply

If you would like to join our team as Head of Nursing, please email Reece Green at [rgreen@maximusuk.co.uk](mailto:rgreen@maximusuk.co.uk).
