

## BHSF OCCUPATIONAL HEALTH – WELLBEING SOLUTIONS FOR BUSINESS

### Occupational Health Physicians

Location: Birmingham, London,

BHSF is a not-for-profit health and wellbeing provider. We are SEQOHS accredited with over 1000 clients across the UK and Ireland.

BHSF aims to do something other than to just make a profit: we operate for a collective benefit and any surplus money is reinvested back into the business. Our aim is to deliver and add quality to all our customer interactions whilst promoting our own employee wellbeing.

Most work is remote, allowing a good work-life balance. We have an active colleague support network so you will always feel part of a team and be able to access support, even when working from home. If near a clinic hub or customer site, there are opportunities for on-site clinics, usually once a week. We welcome applicants from all geographical areas and particularly from our bases in the Midlands and London.

We welcome applications from experienced OHPs and consultants as well as from doctors wishing to progress through the CESR route. We welcome diploma-level doctors wishing to pursue a career in occupational health.

Consultants will be considered from any area in the UK.

We can offer:

- Competitive salary: £100K+ depending on experience
- Reimbursed indemnity cover, GMC fees and revalidation support.
- Flexible working: Most clinics are virtual with occasional on-site days, usually no more than 1-2 times a week. Part-time contracts will also be considered.
- Competitive benefits package: Health and wellbeing app with 24/7 access to a GP, health cash plan, generous pension scheme with employer contribution.
- CPD support and opportunities to become involved in training delivery and support and obtain additional qualifications and appointments within a strong culture of colleague support.

Requirements for the role: GMC registration with a valid licence to practice, DOccMed or higher, completion of Core training or specialist routes and full driving licence.

Please submit applications to Dr Lucinda McWhor [lucindamcwhor@bhsf.co.uk](mailto:lucindamcwhor@bhsf.co.uk) / Dr Jacques Saayman [jacquessaayman@bhsf.co.uk](mailto:jacquessaayman@bhsf.co.uk) by 27 March 2023. If you would like an informal discussion about this fantastic opportunity, please do not hesitate to contact myself or:
