

JOB DESCRIPTION

Job Title	: OH Physician
Location	: Aberdeen
Reports To	: Director of OH
Works Closely with	: OH Nurses, OH Physicians, Medical Director
Direct Reports	: None

Purpose of the Job

To deliver an Occupational Medical Service within the General Medical Council (GMC) and Faculty of Occupational Medicine (FOM) Codes of Professional Conduct and Scope of Professional Practice and to work with the Contract Management Team to ensure that services are delivered in line with the Client contract and expectations, whilst also providing clinical supervision to any Staff or Client medics engaged on the assigned contract(s).

Key Responsibilities

- Maintain professional standards and CPD in accordance with current legislation and practices.
- Provide occupational health advice to clients and clinical supervision and occupational health support to colleagues.
- Client focal point for employee related occupational health matters.
- Day to day clinical service delivery including routine medical screening, occupational health consultations, assessing medevacs, medical advisory and consultancy services, specialist medical services and clinics.
- Provide medical advisory, technical occupational health consultancy work.
- Work closely with OH Director and Medical Director on assigned projects.
- Be prepared to take on the role of Clinical Lead in a field deemed suitable.
- Provide clinical supervision and relevant clinical training to more junior clinical staff, Nurses, Technicians and offshore Medics.
- Clinical supervision of medics on assigned contract(s) to deliver services in line with legislation, and the contract and client's expectations.
- Conduct audits and/or site visits as required.
- Cooperation in the efficient running of the company by performing other reasonable duties requested.
- Delivery of client's clinical and/or occupational health services in line with the contract and client's expectations (including clinics, absence reviews and policy and/or procedure reviews).
- Assist in the implementation of new contracts and services.
- Attend regular client meetings (if required), closing out any assigned actions in a timely manner.
- Provide advice and guidance to support client's occupational health programs.
- Log and respond to client queries in accordance with contractual service level agreements (SLA's) and/or key performance indicators (KPI's).
