## **Insync Corporate Healthcare Ltd - Advertisement for a Post**

**Job title** - Occupational Health Physician

**Location** – Remote working

### **Who we need**

We are looking for a self-motivated individual with an eye for detail, dedication to quality and desire to make a positive difference to become part of a great team and an integral part of an expanding business.

Insync Corporate Healthcare Ltd is a provider of quality occupational health services to organisations and businesses in Wales and Southwest of England and is working towards SEQOHS reaccreditation.

We need someone equally enthusiastic to help us grow and have an opportunity for an occupational health physician to join our successful and enthusiastic team.

The post will include a mix of case management assessments, health surveillance, IHR and OH general advice and support for our clients. The service will be delivered using a web enabled occupational health platform.

We are happy to consider part time (from one day per week) to full time 5 days.

### **What we offer**

A competitive salary, pension and annual leave package will be offered commensurate with experience and qualifications.

A robust, supportive organisational structure guided by SEQOHS principles.

An opportunity to develop skills and experience across a broad and varied working environment that includes blue light services, Higher Education, NHS trusts, Local Government, and Financial Services.

Working alongside experienced occupational health professionals.

Experience of working within a high-profile setting.

Knowledge sharing and ongoing opportunities for CPD

For the correct candidate there can also be opportunities to be involved in clinical governance and strategic business planning.

**Key requirements**

An occupational health physician holding Diploma, AFOM/MFOM/FFOM qualifications.

Team worker

Full GMC UK registration is obligatory

Excellent communication and ICT skills.

Commitment to maintaining CPD and participation in internal audit.

**Desirable qualities**

HSE appointed doctor for HAVS, Ionising radiation, asbestos and experience or willingness to train.
