

### **Opportunities for Occupational Physician, GPs with LFOM**

Corporate Health Ireland (CHI) is a leading Occupational Health Services provider in Ireland. Due to business expansion, we now have excellent opportunities for qualified and experienced Occupational Health Physicians. Sessional, Part-Time and Full-Time positions available.

Position 1 Dublin / Leinster based

Position 2 West of Ireland based

We would like to offer opportunities to established Occupational Health Physicians or those interested in pursuing a career in Occupational Medicine.

The roles will involve the delivery of the full range of Occupational Health Services with appropriate peer support as part of a Clinical Team.

### **Educational / Experience Requirements:**

- To be on the Specialist Register in Occupational Medicine compiled by the Irish Medical Council.
- To have completed basic specialist training BST and hold MRCPI, MICGP or equivalent.
- Candidates outside Ireland to be registered with Irish Medical Council.

We also welcome applicants from GPs with LFOM or equivalent who are interested in working in Occupational Health. There are opportunities for supported training with both on the job experience and academic courses.

Competitive remuneration package for the right candidates.
