## OCCUPATIONAL HEALTHCARE

### Medmark: Senior Occupational Health Physician: Healthcare Lead

#### About Medmark

Medmark is a leading provider of comprehensive health and safety services to organisations of all sizes and industries. With a focus on promoting employee well-being and minimizing workplace risks, we offer a wide range of services, including health screenings, travel vaccinations, and regulatory compliance support. Our team of experienced occupational health professionals is dedicated to providing high-quality, personalized services that meet the unique needs of each client we serve. As a Senior Occupational Health Physician with our company, you will have the opportunity to work alongside a talented and passionate team, and to make a significant impact on the health and safety of employees across a variety of industries.

#### Role Overview

Due to exciting growth of the business, Medmark is interested in hearing from occupational health doctors who may be interested in joining our team. Medmark has a national network of surgeries where the full range of OH services are provided, delivered by a multidisciplinary team of occupational physicians, occupational health advisers and administrative support.

In this instance we wish recruit a Healthcare Lead, ideally an experienced physician who has already worked in the healthcare sector. Medmark has a wide variety of healthcare clients, and we wish to develop and enhance our suite of services in this sector, as well as providing leadership to the Medmark team, driving quality improvements internally.

#### What You Will Do

- Support the development of optimal service delivery to our healthcare clients.
- Develop best in class policies and procedures to ensure the highest quality services.
- Foster relationships between Medmark and our healthcare clients
- Establish clear SLAs in respect to the services we offer and our role in the organisation.
- Attend on-site OH clinics
- Conduct and supervise a range of fitness assessments including pre-employment and fitness to work
- Report on fitness to work for standard and specialised roles
- Make recommendations on patients return to work capability
- Support immunization, health surveillance and wellness programmes

### What You Will Need

We are seeking candidates with some of the following:

- MFOM/FFOM
- Experience in the healthcare sector
- Recognised specialist in Occupational Medicine

Interested candidates currently outside Ireland will need an appropriate work permit and IMC registration.

### What we can Offer You

As a Senior Occupational Health Physician with our company, you will receive a comprehensive benefits package that includes an occupational pension scheme, competitive remuneration, and five weeks of annual leave. We are committed to supporting the professional growth and development of our employees and offer excellent and continuous training opportunities to help you stay up-to-date with the latest advances in the field. In addition, we believe in providing our employees with flexibility in their work arrangements, and offer options for remote work and flexible schedules with a focus on promoting a positive work-life balance.

### Benefits

- Flexibility - we offer full or part time positions
- Hybrid working options available
- Regular schedule from Monday to Friday
- Competitive Salary
- Contributory Pension
- Additional Annual leave days
- Training Support
