Location: Aberdeen, ABE, GB

Company: International SOS

Company Description

International SOS (www.internationalsos.com) is the world's leading medical and travel Security Risk Services Company. We care for clients across the globe, from more than 1,000 locations in 90 countries. Our expertise is unique: More than 11,000 employees are led by 1,400 doctors and 200 security specialists. Teams work 24/7 to protect our members. We pioneer a range of preventive programs strengthened by our in-country expertise. We deliver unrivalled emergency assistance during critical illness, accident or civil unrest.

We are passionate about helping clients put Duty of Care into practice. With us, multinational corporate clients, governments and NGOs can mitigate risks for their people working remotely or overseas.

Our global services include medical and risk planning, preventive health programs, in-country expertise and emergency response for travellers, expatriates and their dependents of over 70% of the Fortune 500 companies.

Description:

To deliver an Occupational Medical Service within the General Medical Council (GMC) and Faculty of Occupational Medicine (FOM) Codes of Professional Conduct and Scope of Professional Practice and to work with the Client Relationship and Account Management team to ensure that services are delivered in line with the Client contract and expectations, whilst providing clinical supervision to any International SOS or Client medics engaged on the assigned contract(s).
